

Managed Care Contracts

Carlinville Area Hospital participates in the following managed care contracts. Even if your network is listed, it is possible that Carlinville is out-of-network depending on the requirements of your specific plan

You will receive separate bills for services provided by independent health care professionals who practice at Carlinville Area Hospital. Such professionals may not be participating providers in the same insurance plans and networks as Carlinville. You may have a greater financial responsibility for services provided by health care professionals at Carlinville who are not under contract with your health plan. Please contact your insurance company directly for specific coverage benefits.
